

Transcal Engineering Limited Racecourse Road Pershore Worcester WR10 2DG ENGLAND GB

Based in the heart of the UK with a long and distinguished history serving the Defence and Rail industries, Transcal Engineering offer world-class fabrication to both UK-based and international clients. The combination of a highly skilled workforce and Transcal's passion for innovation and engineering excellence allows us to offer comprehensive, high quality and competitive solutions for a variety of customers.

As a result of continued success and growth we're now looking to add to our already talented team by recruiting a Maintenance Engineer

/JOB DETAILS/

Job Title: Maintenance Engineer

Department: Health & Safety

Reports to: EHS & Site Services Manager

/SKILLS & RESPONSIBILITIES/

- Carry out general maintenance and repairs to key equipment and facilities in order to maintain the manufacturing capability of the facility - for example machine repairs (hydraulics, motors, pumps, conveyor systems, laser cutting, presses, compressors, welding equipment) and facilities improvements (plumbing, electrical work, PA Testing, installations, lighting etc).
- Respond to equipment breakdowns and properly diagnose and resolve failures.
- Project manage equipment installation and facilities upgrades and improvements with sub-contractors as required.
- Conduct weekly fire alarm/lighting testing & evacuation.
- Control maintenance stores and tooling.
- Develop and implement a comprehensive Planned Maintenance system – complete PM's according to schedule.
- Carry out site inductions with contractors including supervision where required.

Transcal Engineering Limited Racecourse Road Pershore Worcester WR10 2DG ENGLAND GB

- Have a willingness to learn new skills and adapt to a changing environment as required.
- Maintain a professional approach to situations, build and maintain good relations with internal and external stakeholders.

/ATTRIBUTES & QUALITIES/

- Minimum BTEC or HND/HNC in role relevant subject. Apprentice qualified.
- Preferably 17th edition qualified.
- Training and qualifications in role related health and safety regulations – LOLER, PUWER, Manual Handling, Working at Height, Hot works, etc.
- Minimum 3-5 years' experience in similar role – with both electrical and mechanical maintenance experience
- Preferably with experience of maintaining equipment such as laser cutter, brake press, welding equipment, paint plant.
- Experience of facilities maintenance also required.
- Team player – able to build strong relationships and work effectively with others.
- Self-starter with a real bias for action and sense of urgency.
- Well organised with a structured and logical approach to problem solving.
- Customer focused with a real desire to deliver best in class quality in their area of responsibility.
- Ability to adapt within a changing and improving organisation.

Transcal Engineering Limited Racecourse Road Pershore Worcester WR10 2DG ENGLAND GB
/BENEFITS/

- Permanent – Full time
- 20 days basic holiday, plus bank holidays. Contributory pension scheme.
